About

OUR BRAND

by the company Sorema

MADE IN PORTUGAL
SINCE 1974

From Porto, the city that unfolds along the river bank and the sea shore to the world, Graccioza is proud to deliver textiles with undeniable quality to every continent.

With 48 years of experience, Graccioza not only benefits from the Portuguese design talent but also from the excellence of our textile manufacturing which is recognized worldwide.

We are proud to be located near the geographic heart of the Portuguese textiles industry, the north of Portugal.

OUR PRODUCTS

simply a pleasant experience

MOST LUXURIOUS TOWELS, BATH
RUGS, BATH MATS & BATHROBES

We use the best materials combined with our expert knowledge and the most recent technology to simply provide, more than just bath products, the most pleasant bath experience.

Each Graccioza creation is a result of excellence combining our passion for delivering high quality with unique details.

About

PREMIUM SEAL

excellence in luxury

OUR PREMIUM PRODUCTS ARE PIONEERING, THOUGHT IN DETAIL & MANUFACTURED WITH EXTREME CARE.

OUR PREMIUM TOWELS

Graccioza towels are manufactured with the highest industry standards. Woven using the extra long loops of the finest yarns, our towels are treated to resist pilling and shrinkage while maintaining a soft hand. All finished off with rounded corners and double binding to provide the lasting elegance and durability that you need.

OUR PREMIUM RUGS AND MATS

Products on which we have built our reputation, Graccioza bath rugs and mats offer excellence at every level. We employ the best techniques to bring extra softness, extra absorbency, anti-pilling and anti-shrinking. We use the latest technology and the strictest monitoring to control and check everything from structure to colour.

OUR PREMIUM BATHROBES

The best bathrobe is the one that you feel most comfortable in. There's no denying that wrapping yourself in the softest robe ensures great relaxation. From kimono to hooded or shawl collar styles, we have many options, all with superior softness and comfort.

CERTIFICATIONS

Our workforce pays attention to every detail and works with extremely high standards, maintaining our product's quality levels and guaranteeing excellence.

Our products meet the Standard 100 by OEKO-TEX that ensures textile products with no risk for your health.

We also achieved the environmental certification - ISO 14001. Preserving natural resources and minimizing waste is a part of our day-to-day business.

Besides that, we hold a quality certification ISO 9001, the highest global standard recognized. We check everything, from raw materials to manufacturing processes and client services.

OEKO-TEX

ISO-14001 & ISO-9001

Innovation

Innovation is part of us

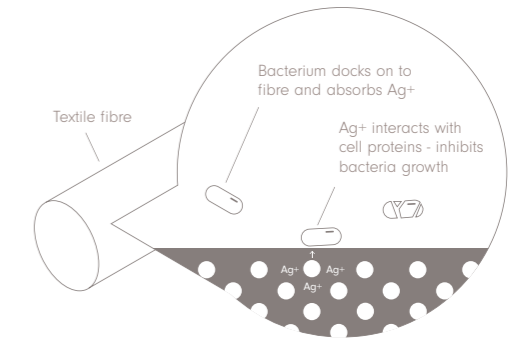

We like to think that the heart and soul of our company is creativity and innovation. Graccioza has the hard work and determination of a skilled team always searching new technology and designs.

BACTERIA REPELLENT TREATMENT

The best solution to keep textiles fresh

Making use of the bacteria repellent effect of silver, this process inhibits the growth of bacteria and fungi that cause bad smells.

As a result, textiles need less laundering, which significantly increases the durability of the towel and reduces the use of water, energy and detergents.

PROTECTS TEXTILES FROM ODORS

LESS LAUNDERING NEEDED

LONG-LASTING FRESHNESS

Exclusive partnership with **CHT Lab.**

VIROBLOCK TECHNOLOGY

Antimicrobial protection

A leading-edge technology that protects textiles from microbes and germs. This technology is tested as skin-safe and non-irritant, and it as a super rapid and effective mode of action, making textiles extra resistant to microbes and germs.

CLEAN OCEAN COLLECTION

*Sustainable bath linens
for a clean ocean*

Mixing high-grade cotton with Seaqual, Graccioza produced one of the first environment friendly, sustainable collections.

We help clean rubbish from the oceans

Plastic is collected from the ocean and turned into recycled polyester yarn

The polyester of marine origin is mixed with high grade cotton fibers

Eco-friendly process: ecological dyes and finishings that save water and energy
