1. QUOTATION AND ACCEPTANCE

- (a) All quotations are given and all orders are accepted on these terms which shall apply to the exclusion of and shall override any other terms stipulated or referred to by the purchaser whether in its order or any other document, or in any negotiations or communication or course of dealing established between the Company and the purchaser;
- (b) No modification or amendment of these terms or addition thereto shall be effective unless made in writing and signed by a director of the Company.

2. DESCRIPTION OF AND STATEMENTS AS TO GOODS

- (a) Save where the goods are stated to be sold as complying with a recognised trade or industry standard, all descriptions, specifications, drawings and particulars of weights and dimensions submitted by the Company or otherwise contained in the Company's catalogues, brochures, price lists, quotations and publicity materials are approximate only and the Company shall not be liable for their accuracy unless they are expressly incorporated into the contract in writing;
- (b) These terms represent the entire agreement between the Company and the purchaser relating to the goods and such terms supersede and the purchaser shall not place any reliance upon any statements, recommendations and advice whether oral or in writing given (whether before or after the acceptance by the Company of the purchaser's order) by the Company, its servants or agents as to any matter relating to the goods save where such statement, recommendations or advice is given in writing and signed by a director of the Company in response to a specific written request from the purchaser before or at the time of the Company's acceptance of the order.

3. PRICES

- Prices quoted by the Company are those in effect at the date of quotation. Unless otherwise agreed in writing, the Company reserves the right to increase prices when it accepts the purchaser's order so as to reflect one or more of the following:
- (a) any variation that may have occurred in the costs of labour, materials, suppliers overheads and transport;
 - (b) any change in duty, tax, surcharge or levy of any kind whatsoever affecting the sale price of the goods;
 - (c) any cost to the Company resulting from delay by the purchaser in giving to the Company information sufficient to enable it to supply the goods or provide the services or resulting from any alteration made at the request of the purchaser in the specification of the goods or in the place to which they are to be delivered or shipped;
 - (d) any extra cost to the Company resulting from the goods being carried at the request of the purchaser by mode of transport more expensive than the Company's normal form of transport.

4. PAYMENT

- (a) Unless otherwise agreed in writing, the price for the goods will be due and payable on the last business day of the month following delivery;
- (b) The Company shall be entitled to charge interest on any part of the price which is not paid in accordance with clause (a) at the rate per annum of 3% above the Base Rate of Lloyds Banking Group from time to time;
- (c) Time of payment is of the essence and if the purchaser defaults in punctual payment of the price the Company shall be entitled to terminate the contract and recover the goods at the purchaser's expense without prejudice to any further rights which the Company may have;
- (d) Any default in payment of an invoice or an instalment payment on an invoice on the due date shall render the entire balance outstanding on all invoices from the Company to the purchaser immediately payable in full without demand being made notwithstanding any contrary provisions as to terms of payment in any one or all invoices;
- (e) If the purchaser fails to give all instructions reasonably required by the Company and all necessary document, licences, consents and authorities for forwarding the goods or is unable to accept delivery of the goods at the time when the goods are due and ready for despatch or delivery or shall otherwise cause or request delay, the purchaser shall pay to the Company all costs and expenses, including storage and insurance charges incurred or arising from such delay during which, at the Company's absolute discretion if its storage facilities permit, the goods will be stored at the purchaser's sole risk. This provision shall be in addition to and not in substitution for any other payment or damages for which the purchaser may be liable in respect of his failure to take delivery at the appropriate date;
- (f) The purchaser shall not be entitled to make any deduction from the price of goods which have been delivered to the purchaser in respect of any set off or counterclaim unless both the validity and the amount thereof have been expressly admitted in writing by the Company and such admission is signed by a director of the Company;
- (g) In the absence of any specific appropriation by the purchaser, the Company shall have the right to appropriate any payment made by the purchaser towards the satisfaction of any invoice outstanding from time to time as the Company shall in its absolute discretion think fit.
