Redefining the industrial trend, Knurled X Fusion combines simplicity of design form with a refined and luxurious two tone brushed finish. Brushed Black and Nickel unite forming an artisan display of contemporary design, with intricate diamond cut knurled details offering a tactile neutrality.

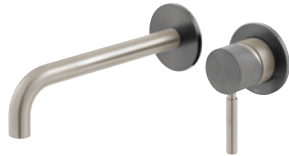

Knurled X Fusion adds a bold element into a minimalist design scheme. Pair with natural materials like marble tiles and wood accents to add a warm organic balance to statement brassware, combining exposed concrete for that extra layer of dimension and texture.
